Your complaint to the Charities Commission

Here is a copy of the complaint you submitted to the Charities Commission using the online complaint form on this page:

<http://www.charities.govt.nz/compliance/complaints/make-a-complaint/>

What charity is your complaint related to?

Family First

Is the charity registered with the Charities Commission?

Yes

How do you know the charity?

Through their constant anti-gay media releases disguised as news.

What is your complaint?

That they are a religious based pressure group whose wole purpose seems to be the prevention of human rights to non hetrosexual people. I don't see how the state should be supporting such an organisation by providing tax free status. EG, like Greenpeace.

First name
